To Whom It May Concern,

Metal Production Plan for the Second Half of FY2026

The metal production plan for the Second half of FY2026 of our company, Mitsui Kinzoku (President: Seiji Ikenobu) is as follows.

	Second half, FY2026 (Plan)	Second half FY2025 (Actual)	First half, FY2026 (Forecast)
1. Zinc (in thousand tons)	117.7	89.2	98.5
2. Lead (in thousand tons)	38.1	35.3	33.8
3. Gold (in tons)	0.5	0.7	0.5
4. Silver (in tons)	55.0	57.0	47.9

(Comparison with figures for the First half forecast in FY2026)

- The reason for the increase in zinc and lead is due to regular maintenance in the first half of FY2026.
- The reason for the decrease in gold and silver is due to the difference in raw material grade.

(Comparison with figures for the same term in FY2025)

- The reason for the increase in zinc and lead is due to the large-scale periodic maintenance in the second half of FY2025.
- The reason for the decrease in gold and silver is due to the difference in raw material grade.
